Theme - Cats

Cornelius is an online slot game dedicated to a unique cat known as Cornelius. This pet is slightly overweight, and this title shows us why. Namely, the cat finds food even if the owners are not around. All in all, it's a humorous story that will put a smile on players' faces.

We like how the visuals mirror the story,

especially the regular icons. So, we have the playing card values made as lower-paying symbols and four others, including a photo of Cornelius, as high-paying icons. The latter is also the highest-paying symbol delivering a prize worth up to 40 times the player's bet.

Reels

With 5 reels, the Cornelius online slot is a standard title. They

all have four rows, so you can always expect four icons per reel. Achieving wins with regular symbols is possible only when players get three to five icons of the same kind on adjacent reels. Also, they must appear on the leftmost reel and continue to the rightmost reel.

Paylines

This is another title from NetEnt where we have winning ways in place of conventional paylines. So, you can hit winning combinations only when you have identical symbols on three or more adjacent reels. There are 1,024 ways to win here, and they are always active.

RTP

You should never base your decision about playing a slot only by looking at its RTP. However, you shouldn't ignore this indicator either. The Return to Player (RTP) percentage can differ in online casinos even for the same game, and Cornelius is not an exception. This is logical because these casinos have the liberty to modify the default RTP.

Regarding Cornelius' RTP, NetEnt created the original game with an RTP of 96.04%. Check our table below if you want to get informed about the RTPs in the most popular casinos featuring this release. In addition, take the casino welcome offers and bonuses like free spins into account.

Let's not forget

that these are some good places to play Cornelius and other slot games. For a complete list, check the slot sites we recommend.

Stake Range

With almost 50 betting options provided to its players, Cornelius is one of the champions in this field. Every user can place bets as small as £0.10 and as high as £400 per round, and the maximum bet is one of the highest we've spotted in modern slots.

Max Win

We can't say we are satisfied with the maximum winning cap in this release, but it's fair to say that it's not that low. To be more precise, there's a max win cap of 1,051x your bet. The best way to get the highest reward is to wait to launch the cash drop feature.

Scatter/Free Spins

Like

many modern online slots, the Cornelius slot has a round of free spins. Players should wait for three or more Scatter icons anywhere in view in a single spin to activate this round. Don't forget that the Scatters look like Cookie Jars.

It's worth noting that

this feature doesn't work like classic free spins. At the start of the bonus, the activating Scatters are transformed into Cash Drop symbols. They will trigger the Cash Drop feature, which we will analyze in the next section. They will also provide a win that matches the total value of the Cash Drop icons.

Each Cash Drop symbol during free

spins highlights a random value of 0.1 to 0.5 times the stake. During free spins, the reel positions spin independently. You can hit only Cash Drop icons, Multipliers, Adder icons, Up symbols, and Golden Up symbols.

The Up symbols move one row up with all Cash

Drop and Multiplier icons. On the other hand, the Golden Up icon moves to the top free position with the same symbols as before. As for the Adder icons, they feature random values of 0.1 to 0.3 times the stake, and they boost the value of Cash Drop icons before the wins are added to your balance. Lastly, Multipliers multiply the values of Adder and Cash Drop icons by two.

The spin counter returns to the initial three spins

whenever players get a new icon on the reels. This feature ends when the Cash Drop feature is over.

Cash Drop Feature

So, most of the Cash Drop feature was described under the Free Spins section. Still, there's another way to activate this rewarding bonus. The plate loaded with cookies is a Cash Drop icon which can appear on any reel. Each Cash Drop symbol has a random value of 0.25 to 3 times the stake in the base game.

Players will launch the Cash Drop feature when they hit three or more Cash Drop icons on the matrix. During this feature, at the end of a spin, including the spin that launched it, a win matching the total value of all Cash Drop icons on the layout is added to the bet way wins.

Players receive three spins that reset whenever users hit at least one new Cash Drop symbol. They move one row down with each spin until they get to the bottom row and are removed at the beginning of the next spin.

Once you use all spins, you will receive the total Cash Drop winnings displayed on the Cash Drop meter.

Jackpot

The Cornelius slot belongs to the category of online slots without direct jackpots. If you want to play a game with a direct jackpot, we advise checking out our list of the best jackpot slot games.

You will not find a direct jackpot in the Cornelius slot.

Play Experience & First Impressions

It took us 5 spins to get the first winning combo at Cornelius and another one after the tenth spin. As expected, you will find more non-winning spins, but the number of winning rounds is decent. Some of the wins we hit were relatively big.

Even though it doesn't state its volatility level, we can say this is a high-volatility game based on the outcomes.
